

MISSION

412 Food Rescue’s mission is to prevent perfectly viable food from entering the waste stream. 412 Food Rescue works to eliminate hunger and promote a healthy environment by rescuing surplus food about to go to waste and redirecting to nonprofits that serve those who are food insecure. 412 Food Rescue’s approach is based on a social lab philosophy—our solutions are social, innovative and our goal for the data that we gather is that it helps lead us to a *systemic* solution to food waste. We are one of the fastest-growing food recovery organizations in the U.S.--redirecting almost 1,400,000 pounds of food in less than 2 years. Our technology creates the infrastructure designed to replicate and scale food recovery in urban regions.

In less than two years, 412 Food Rescue has been recognized nationally as a leader in food recovery. In December 2016, ReFed—the nation’s premier think tank on food waste—featured 412 Food Rescue in its first “Innovator” profile and in January 2017, The Rodale Institute—the nation’s leader in organics advocacy—featured 412 Food Rescue in its “100 Amazing Things” issue of Organic Life Magazine. 412 Food Rescue was also included in FoodTank’s “117 Organizations to Watch in 2017” and “Top 59 organizations fighting food loss and waste.”

PROGRAMS

- **Food Recovery** – 412 Food Rescue works with food retailers to prevent surplus food from going to waste. Transported by a growing network of volunteers, 412 Food Rescue directly transfers food to nonprofit partners that serve those who are food insecure.
- **FoodRescueX** – 412 Food Rescue’s technology platform is an end-to-end system that matches food donations to the appropriate nonprofits, mobilizes a last-mile transportation network of volunteers, trains volunteers on food safety and tracks data and analytics--measuring impact on hunger and the environment. Food Rescue Hero is a mobile app that was launched in November 2016 and represents the first phase of the platform.
- **Ugly CSA** – 412 Food Rescue creates new markets for farmers via a Community Supported Agriculture (CSA) program for previously unsellable fruits and vegetables.
- **Hidden Harvest** – 412 Food Rescue gleans from previously unharvested public and private city trees, and excess produce from urban farms.
- **Food Education** – 412 Food Rescue educates consumers on how to prevent food waste at home via a food education program that teaches cooking skills and advocacy initiatives that raise awareness.
- **Product Innovation** - 412 Food Rescue creates innovative products from food that would otherwise be wasted. In 2016, we launched LOAF--craft beer from surplus bread and FORAGED--pommeau liqueur from rescued apples.

IMPACT as of **April 2017** Founded March 2015

Food Rescued: 1,472,217 lbs.	Meals: 1,226,848	Value: \$3,680,543
-------------------------------------	-------------------------	---------------------------

Carbon equivalent: 799,414 lbs.

Equivalent to 386,937 lbs of coal burned and requires 347 acres of forest 1 year to sequester.

Equivalent to 869,047 miles driven by a car or taking 77 cars off the road for one year.

Food Donors: 235

Donor partners include: Gordon Food Service, Consumers Produce, Giant Eagle, Trader Joe’s, Whole Foods

Nonprofit Partners: 282

Nonprofit Partners include: The Allegheny County Housing Authority, Housing Authority of the City of Pittsburgh, Community Kitchen Pittsburgh, South Hills Interfaith Ministry, Oakland Food Pantry, Wood Street Commons

Active volunteers: 816

Signed volunteers: 1,695
