SUMMER READING PROGRAM WRAP-UP!

PETERS TOWNSHIP PUBLIC LIBRARY

85 Adults read **551** books

73 from Birth to Preschool were read **6,432** books

246 in Grades K thru 12 read **294,804** minutes

From Jessica Brito...
We were blown away by the summer reading program at the PT Library. The programming was clearly well thought out and thoroughly planned. We loved the fairy tale per week theme. It was fun teaching my kids about classic fairy tales and the many, many versions of fairy tales that have been created by authors who were inspired by the originals. My kids LOVED watching the librarians read the versions on YouTube and then completing the weekly activities.

It helped me provide for many hours of productive, reading-based activity/creative time with the kids. It was amazing to watch them creatively respond to the activities and stories and I am thankful for this opportunity to see my kids learning in real time. The kids also loved the LEGO challenges and drawing prompts. Thank you for all of your hard work and creativity during the summer. You helped us to feel connected and involved even though we couldn't participate in person or on site. Great job!

From Susan Forslund...
The summer programs were awesome. My 3.5 year old had so much fun with the packets and loved the STEM activities. The other paperwork also was a huge help to me so I didn't have to come up with activities and lessons for him every day. I can't say enough about how great the library staff has been in putting all of these programs together.

BASIC LITERACY

From Michele Sites...
My daughter liked inputting her time online. I think going by time instead of books read is better for children. I was a little surprised that my daughter and I each reached our goals. Originally, I thought they might be more than we could do. Thank you for offering activities for children to do when so many things are canceled.

Meet Anne DeGerolamo

Anne was one of our basket winners!

What made you decide to participate in the PTPL Summer Reading Challenge for Adults?

I decided to participate because I love to read and reading more books each year is a goal I have for myself. If there was a chance to win a prize for something I love to do anyway, that's icing on the cake!

What was your favorite book you read for the challenge - one you would recommend to others?

It's a toss up between Maya Angelou's "I Know Why the Caged Bird Sings" and Caroline Kepnes's "You".

We all are super busy - how do you find the time to read in your day?

Reading is an essential part of my day. I read every night before I go to bed. I need reading to "escape" for a while. It helps me separate the craziness of work and kids, and the transition into relaxation and sleep.

MEET THE PTPL WAGGIN CHAT TEAM

For two years, the library has participated in a free resource for all residents of Pennsylvania called *Chat with a Librarian*. Anyone can get accurate, unbiased information online from a real librarian 24 hours a day, seven days a week. During the COVID-19 pandemic, our staff joined with librarians and paraprofessionals from across the WAGGIN network to form a new service called *WAGGIN Chat*, which would offer personalized service to all residents of Washington, Fayette, and Greene Counties.

As part of the Pennsylvania *Chat with a Librarian* service, residents are still able to receive 24-7 reference and research help. On Monday through Friday, 9 a.m. to 5 p.m., WAGGIN staff is working online to answer your questions directly, either through live chat or via an email question form. Whether you need help with homework, genealogy resources, or how to find a business, visit **waggin.org/chat**. There you can submit your question online for a quick response.

Eight PTPL staff members received training to offer this new chat service. In addition to their regular duties, they help remote library users with questions throughout the day. Coordinated by Ed Wolf, PTPL Information Technology and Reference Librarian, the group has been very successful. They will serve as a best practices model for other libraries in the state as they set up their chat participation.

Our local staff is available to help via chat during library hours. You can use this service if our library is not open, but understand you will be communicating with a Pennsylvanian librarian who does not work locally. They will not be able to answer questions about overdue materials, renewals, or other account-specific activity. You can email ptlib@ptlibrary.org with questions about your library account.

LIBRARY STAFF PRESENTS AT PaLA CONFERENCE

Three members of the PTPL staff will be presenting at this year's Pennsylvania Library Association (PaLA) 2020 Virtual Conference, October 19 to 21. The annual conference provides the library community with a variety of continuing education and networking opportunities. We also meet with vendors to learn first-hand what new products and resources are available for us to share with our library users!

On October 20, Interim Director Sue Miller and Youth Services Assistant Sydney Krawiec will be discussing *Escaping Online: How to Create Virtual Escape Rooms*. When the global health crisis forced the Peters Township Public Library to shutter its doors, our staff reacted quickly and adapted storytimes, presentations, and other programs to online formats. Our library went viral with the Hogwarts Digital Escape Room created by Sydney, which in two weeks was played by 225,000 users from 22 countries. In their presentation, Sydney will teach participants how to set up an escape room through Google Forms, and Sue will address some of the challenges they faced along the way. You can watch Sydney's tutorial to create a digital escape room on the library YouTube channel.

The Peters Township Public Library reached its Gold Level Library status in May 2017 as part of the PA Forward Star Library Program. Ed Wolf, Information Technology and Reference Librarian will present *Maintaining Your Star Library Status* on October 21. Ed currently volunteers as the Star Library Tech Team lead. He will share his knowledge about the new process and tools available for libraries to maintain their status in the PA Forward Star Library Program.

We are honored that PTPL staff members were chosen to share their knowledge and expertise with fellow librarians at this year's PaLA conference!
