**Marji Dickson, Treasurer**

Marji moved to Peters Township in 2012 finding a home that was perfect for her retirement plans. Prior to retirement, Marji worked for thirty years in the accounting and technology industry as owner of a consulting firm working with businesses to computerize and analyze their internal systems. Upon retirement as Marji was looking for ways to volunteer in the community, she considered her areas of interest - reading, animals and helping other women. This led her to volunteer with the library, Dress for Success and local animal shelters. She is keeping very busy with these endeavors along with her rescue dog, Jackson.

**Sue Freyder, At Large**

Sue Freyder has been a resident of Peters Township since 1993, except for a two-year adventure living in Long Beach, CA. With her husband Paul, she raised 4 children here, who are now grown. Her favorite thing to do is spend time with her 2 grandsons: don't be surprised if you see them together at the children's library. Growing up on Long Island, NY, the neighborhood library was the first place Sue was allowed to walk alone and has always been a place of freedom and adventure. Sue is a retired Physical Therapist and worked in home health care. In her spare time, besides being an avid reader, she is a member of a book club, enjoys swimming, gardening, baking, crocheting, remodeling her home, traveling, and walking with Paul and their rescue dog, Murphy.

**Meghan Greenwood, At Large**

Meghan moved to Peters Township in September of 2019. She holds a BS from Penn State University and a PhD in Immunology from University of Pittsburgh. She is a professional medical writer, the co-owner of a few small businesses, including BaM Choreography LLC, which provides dance and fitness to all ages (including a dance class at the Rec Center!) and Pgh Dreamer Productions LLC, which offers Accountability Buddy programs and the My Little Dreamer Book Series, and the mother of 2 little and curious boys. A long-time resident of the inner city of Pittsburgh, moving to the suburbs was a big change for Meghan; however, she wanted to get involved with the community in a way that promotes togetherness, learning, and of course, literacy. She is excited to help the Library grow and venture into new territory that would keep our community supported, involved, and healthy.
