

I Wonder What it is like to be an Animal?

By: Elizabeth Hovanec

I wonder which animal I would like to be?

If I was a racoon, I would be in the woods.

If I was a cheetah, I could run faster than anything.

If I was a deer, I would run wild and free.

If I was a rabbit, I would eat lots of carrots.

If I was lion, I would eat other animals.

If I was an eagle, I would be strong and fierce.

If I was a bat, I would hang upside down.

If I was a monkey, I would swing from tree to tree.

If I was a fox, people would hunt me as a sport.

If I was a tiger, I would have big strong teeth.

If I was a snake, I would be one foot long.

If I was a cobra snake, I would eat other snakes.

If I was a sloth, I would climb on trees.

If I was an owl, I would sleep in the day and be up in the night.

If I was a moose, I would have large antlers.

I wonder which animal you would like to be?
